MISCELLANEOUS BUSINESS.

Presence of Visitors Noted.

By unanimous consent Honorable Richard J. Daley, Mayor, informed the City Council that a distinguished visitor, his colleagues and friends had entered the Council Chamber. The Mayor invited the group to the rostrum and thereupon introduced Honorable Teddy Kollek, the Mayor of Jerusalem who was elected to his office in November, 1965, and that prior to his election had served in numerous governmental assignments, all in the interest of his government.

Mayor Kollek thereupon addressed the members of the City Council, stating that the welcome extended to him by the Mayor, the Council and citizens of Chicago had a warming effect, and that he considered the tribute not as a tribute to him personally, but to the City of Jerusalem and its 200,000 people.

He spoke glowingly of the progress the City of Chicago has made, the development of a new face for Chicago's Lakefront and throughout the City. He said that in Jerusalem there was no room to tear down and

rebuild, and consequently, it was necessary to rejuvenate and preserve buildings that had stood for centuries.

Mayor Kollek then presented to Mayor Daley a prism enclosing a silver medallion struck by workers of the City of Jerusalem, which carries on one side the mountains around Jerusalem, and on the reverse side a replica of a coin struck in 134 B.C., memorializing the stand of the Jewish people against the invasion of the Romans, and inscribed thereon to Mayor Daley his name both in English and Hebrew.

Mayor Kollek's visit to the city was in the interest of the State of Israel Bond Issue and also relative to the National Museum in Jerusalem. He was accompanied to the rostrum by Judge Abraham L. Marovitz, Mr. Marshall L. Korshak, Mr. David Zysman, Mr. Irving Crown and Mr. Jacob Barmore, Consul General of Israel.

The group was warmly applauded as they retired from the Council Chamber.

Mayor Daley then called to the rostrum a group of visitors from Nottingham, England. Alderman E. S. Foster, Chairman of the Development Committee and the Leader of the Labour Group of Nottingham City Council, was invited by Mayor Daley to introduce the other members of the group as follows:

Mr. Philip M. Vine, Town Clerk and Chief Executive Officer; Alderman W. Derbyshire, Leader of the Conservative Group of Nottingham City Council; Alderman C. A. Butler, Chairman of the Planning Committee; Alderman W. Hickling, Chairman of the Estates Committee; Councillor N. W. Crammond, Vice-Chairman of the Planning Committee; Councillor O. S. Watkinson, Vice-Chairman of the Development Committee; Councillor A. G. Wright, Chairman of the General Works and Highways Committee; Mr. E. S. P. Evans, City Planning Officer Designate.

The group was warmly applauded.

The Mayor then called the Council's attention to the presence in the gallery of the following students:

Twenty students, ages 16 to 21, from The Urban Youth Program (1st Ward), accompanied by Mr. O'Neill;

Forty students, ages 17 to 21, from The Jobs Project, North Damen Avenue Unit, (26th Ward), accompanied by Mr. K. Werner.

The visitors were welcomed by the Mayor and members of the City Council and were invited to attend future Council meetings.

Time Fixed for Next Succeeding Regular Meeting.

By unanimous consent Alderman Keane thereupon presented a proposed ordinance which reads as follows:

Be It Ordained by the City Council of the City of Chicago:

REPORTS AND COMMUNICATIONS FROM CITY OFFICERS.

Tribute Paid to Late Raymond M. Hilliard.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council submitted the following proposed resolution:

WHEREAS, Almighty God in His infinite wisdom has called to his eternal reward Raymond M. Hilliard, Director of the Cook County Department of Public Aid; and

WHEREAS, Mr. Hilliard demonstrated outstanding ability in his 32-year career in public welfare work. Admitted to the Illinois Bar, he became Assistant Attorney General of the State of Illinois, first as legal representative to the Illinois Emergency Relief Commission, prosecuting relief fraud cases, and later in charge of the Retailers' Occupation Tax Division. He was Assistant Executive Secretary of the Illinois Public Aid Commission, then its Executive Secretary. He was Secretary of the Illinois Commission on the Chronically Ill from 1943 to 1947; and a member of the Illinois Public Assistance Laws Commission from 1945 to 1947. William O'Dwyer, Mayor of the City of New York, in March, 1948, reached out to Chicago and brought in Mr. Hilliard as Commissioner of Welfare of the City of New York to administer that city's $142,000,000 relief program. In 1951 he became Executive Director of the Welfare and Health Council of New York City. In 1954 Mr. Hilliard returned to Chicago to become Director of the Cook County Department of Welfare. He became a member of the Welfare Council of Metropolitan Chicago in 1957. He was a member and past president of the Illinois Welfare Association and a member of the American Public Welfare Association. He served as chairman of the Executive Committee of the National Catholic Conference for Interracial Justice. He was also a member of the Board of Directors of the National Council of Christians and Jews from 1954 to 1958; and

WHEREAS, Raymond Hilliard earned a national reputation as one of the nation's foremost welfare administrators. His achievements in social welfare serve as models for the cities of this country. Among the social plans he initiated are continuing large-scale literacy classes and job training, counseling and placement programs for welfare recipients. One of his programs was the withholding of public aid rent payments to landlords who refused to repair substandard buildings; and

WHEREAS, Mr. Hilliard was a superb administrator of the Cook County Department of Public Aid, an immensely complex and comprehensive operation that dispenses more than $200,000,000 a year in welfare funds. The programs he developed to end illiteracy, to provide jobs and training for employment, and to improve the social environment made thousands of relief families self-supporting, reduced the relief rolls by nearly 40,000 in the last 4 years, and formed a framework for federal anti-poverty programs in the national war on poverty; and

WHEREAS, Raymond Hilliard was a humane man of deep social concern. He had a kind heart and a keen feeling for the plight of the poor. He helped thousands live a better life and gave them a sense of dignity and personal worth, thus benefiting not only their lives and that of their children but those of future generations. The poor of Cook County have lost a gifted friend and champion; now, therefore,

Be It Resolved, That the Mayor and the City Council of the City of Chicago hereby make public acknowledgment of their profound sense of loss at the passing of a dedicated and devoted public servant, Raymond M. Hilliard, and extend to his bereaved family their sincere sympathy; and

Be It Further Resolved, That as a mark of respect to his memory this resolution be spread upon the permanent Record of the Proceedings of the City Council of the City of Chicago and that a copy thereof be presented to the family of Raymond Marcellus Hilliard.

Committee consideration was dispensed with by unanimous consent, and on motion of Alderman Keane (seconded by Aldermen Bohling, Metcalfe, Campbell, Hoellen, Wigoda and Sperling) said proposed resolution was *Adopted,* unanimously, by a rising vote.

Alderman Keane and the seconding aldermen addressed the Council to express their esteem for the able, intelligent and dedicated service the late Mr. Hilliard had shown in the many years he had administered public welfare in Chicago. They asserted that his administration was distinguished not only for its efficiency but for the compassion and interest which inspired him to be resourceful in seeking methods of training welfare recipients to learn trades which insured employment and personal independence. They expressed their sense of personal loss for a friend with whom some had been associated since boyhood, and they extended personal condolences to the bereaved family.

Honorable Richard J. Daley, Mayor, thereupon addressed the Council to pay personal tribute to the late Mr. Hilliard not only for his personal integrity but for the many years of dedicated service he had devoted to welfare of the impoverished people of Chicago. He also extended sympathy to the bereaved family.

Tribute Paid to Late Michael J. Corrigan.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council submitted the following proposed resolution:

WHEREAS, Almighty God in His infinite wisdom has called to his eternal reward Michael J. Corrigan, former Fire Commissioner of the City of Chicago; and

WHEREAS, Michael Corrigan joined the Chicago Fire Department at the age of 17 years on October 5, 1893 saying he wanted a steady job and was assigned as a driver for Hose Co. 3, 134th Street and Burley Avenue; and

WHEREAS, He held every rank in the fire depart-

ment and served 61 years, 3 months and 7 days, the last 18 years as Commissioner; and

WHEREAS, Michael Corrigan won numerous citations for bravery. On December 30, 1903, after turning in the first fire box alarm for the Iroquois Theatre fire, he aided in rescue attempts and helped to remove the bodies of scores of the 602 people who perished in the disastrous blaze. He was also at the S.S. Eastland catastrophe on July 24, 1925 and used an acetylene torch to cut a plate in the hull of the capsized vessel to reach passengers trapped inside. The boat had overturned in the Chicago River at Clark Street, carrying 812 men, women and children to their deaths. On November 16, 1917 Corrigan performed one of the greatest acts of heroism in the city's history while on duty at the Auditorium Theatre; he threw his coat over a sputtering bomb thrown in the first-floor aisle, assured the Grand Opera audience that everything was all right and then rushed the bomb to the street and snuffed out the lighted fuse with his bare hands. In recognition of his courage in preventing a panic, Corrigan received the Lambert Tree Award. In 1927, as deputy fire marshal, Corrigan won the Carter H. Harrison Medal for bravery in rescuing several firemen trapped by an explosion in a burning building at 159 W. Kinzie Street. He and ten others were hospitalized with burns. He helped fight the stockyards fire in 1910 when 22 firemen were killed, and at the May 20, 1934 stockyards fire, an $8,000,000 blaze, he directed virtually all of the city's fire equipment; and

WHEREAS, In 1937 the late Mayor Edward J. Kelly appointed Corrigan Fire Commissioner, 8 years after he had become the first civil service Chief Fire Marshall. Corrigan guided the Fire Department as Commissioner for 18 years, a period of time longer than that of any other Commissioner in the history of the Fire Department; and

WHEREAS, Commissioner Corrigan's reputation as a fire expert was demonstrated in 1946 when he was invited to Tokyo to help General Douglas MacArthur formulate a public safety program for Japan; now, therefore,

Be It Resolved, That the Mayor and the City Council of the City of Chicago hereby express their appreciation of the contribution of dedicated public service which Fire Commissioner Michael J. Corrigan made to the life and safety of Chicago, and hereby extend to his family their sincere sympathy; and

Be It Further Resolved, That as a mark of respect to his memory this resolution be spread upon the permanent Record of the Proceedings of the City Council of the City of Chicago, and that a copy thereof be presented to the family of Michael J. Corrigan.

Committee consideration was dispensed with by unanimous consent, and on motion of Alderman Harvey (seconded by Alderman Janousek) said proposed resolution was *Adopted,* unanimously, by a rising vote.

In making his motion Alderman Harvey eulogized the memory of the late Fire Commissioner, describing him as a "Firefighter's Fireman" who was always guided by the principle that a firefighter was a civil servant in whom all citizens reposed great respect and confidence. He recalled that the Commissioner was at all times a leader who had often lead his men in many acts of heroism in the line of duty. The Alderman further recalled that at the time he considered entering politics, his boss, the late Commissioner, had cautioned him not to make a hasty decision because in many instances a good firefighter is more important to the citizenry than a politician.

Tribute Paid to Late Willis Donald Gale.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council submitted the following proposed resolution:

WHEREAS, Mr. Gale was generally regarded as the man who brought Commonwealth Edison Company into the atomic power age, having been instrumental in the construction of the Dresden, Illinois, atomic power plant, completed in 1960, which was the first privately financed atomic plant in the country; and

He was a member of the Mayor's Committee for Economic and Cultural Development of Chicago; and

Be It Resolved, That the Mayor and the City Council of the City of Chicago hereby express their sorrow in the passing of Willis Donald Gale, and extend their heartfelt sympathy to his bereaved family; and

Be It Further Resolved, That as a mark of respect to his memory this resolution be spread upon the permanent Record of the Proceedings of the City Council of the City of Chicago and that a copy thereof be presented to the family of Willis Donald Gale.

He was chief surgeon until his retirement in 1965; and

WHEREAS, Dr. Vitullo was a staff surgeon at Loretto Hospital for 20 years, and was vice president of the hospital staff for 5 years and Treasurer of the Hospital's Improvement Committee of the Medical Staff; and

the Police Board erred in not compelling plaintiff to testify fully as to his female companion so that she could be subpoenaed to testify at the hearing. The above elevations as fixed shall be measured from Chicago City datum as established by the City Council of the City of Chicago.

The roadway(s) of the several street(s) heretofore specified between the points herein described, also the roadway(s) of all intersecting alley(s) extended from the curb line to the street line on each side of said specified street(s) between the points herein described, after removing trees therefrom shall be so graded by cutting for filling and compacted by rolling with a roller of ten (10) tons weight that after the grading of the roadbed(s) is completed and the pavement herein described placed thereon, the surface of the finished pavement at the center of the roadway of each of said specified street(s) shall be at the elevation of the top of the curbing herein described; and the surface of the said finished pavement at the summits in the gutters between catchbasins and adjoining the roadway face of the curbing shall be three (3) inches below the top of said curbing, and at the catchbasin inlets in the gutters adjoining the roadway face of the curbing shall be nine (9) inches below the top of said curbing. The slope of the gutters adjoining the roadway face of said curbing shall be uniform from the summits to the catchbasin inlets.

A transverse section of the surface of the finished pavement and gutters shall be an arc of a circle passing through the said gutter elevations and the elevation of the center of said finished roadway at every part of the roadway of each of said specified street(s) between the points herein described.

In all intersecting alley(s) herein specified at the street line(s) of said specified street(s) the surface of the finished pavement adjoining the curbing shall be even with the top of the curbing, and the surface of the finished pavement at the center of the roadway(s) of said alley(s) shall be three (3) inches below the top of the curbing; and a transverse section of the surface of the finished pavement at the street line(s) of said specified street(s) shall be an arc of a circle passing through the surface of the pavement adjoining said curbing and the surface of the pavement at the center of said finished roadway(s). The surface of the said pavement thence shall slope gradually to meet the surface of the finished pavement at the curb lines of said specified street(s).

On the sub-grade as formed and compacted shall be spread an insulation course of limestone screenings. Said insulation course shall be one (1) inch in thickness and shall extend across the full width of the roadbed.

On the insulation course as formed and compacted shall be spread a foundation course consisting of a layer of crushed limestone of the best quality, broken so as to pass through a ring of four (4) inches internal diameter and held on a ring of two (2) inches internal diameter. The stone spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pockets filled with the small size stone. This layer shall be thoroughly rolled with a self propelled three wheel roller, weighing not less than ten (10) tons. The rolling shall begin at the edge of the pavement and the roller shall move parallel with the center line of the roadway. The roller shall progress gradually towards the center of the roadway, uniformly lapping each proceeding track, covering the entire surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screenings have been applied to completely fill the interstices.

The screenings shall be swept in with hand brooms to properly fill the voids. The spreading and rolling shall continue until no more screenings will go in dry. No excess of screenings shall be used before applying water. Immediately after the voids have been filled with screenings, the macadam shall be sprinkled until saturated, the sprinkler being followed by a roller. More screenings shall be added if necessary. The sprinkling, sweeping and rolling shall continue until a grout shall be formed of the screening and water that will fill all voids, and form a wave of grout before the wheels of the roller. The quantity of screening and water necessary to fill the voids shall be determined by the engineer and shall be sufficient to produce a rough, granular surface. The rolling, at all times, shall begin at the sides, and then progress toward the center, thoroughly covering the entire surface with the rear wheels. When compacted, this layer shall measure not less than five (5) inches in thickness.

Upon the finished waterbound macadam base there shall be uniformly applied by an approved type of spreader box, two (2) inch stone to a depth providing a total base course thickness of three (3) inches after final compaction. After shaping to grade and rolling with a ten (10) ton roller three quarter (¾) inch stone chips shall be broadcast and broomed into the surface voids at the rate of fifteen (15) pounds per square yard. Liquid asphalt at a temperature of 140 degrees F. shall be uniformly applied by a pressure distributor at a rate of one and one-half (1½) per gallons per square yard. Stone chips shall again be broadcast and broomed uniformly over the surface at the rate of fifteen (15) pounds per square yard. Liquid asphalt shall be uniformly applied by a pressure distributor at the rate of one-half (½) gallon per square yard. Stone chips shall be broadcast again at the rate of ten (10) pounds per square yard. The surface shall then be thoroughly rolled. The asphalt shall conform to the State Specification for Emulsified Asphalt R.S. 1 and R.S. 2, Page 640 of Illinois Standard Specifications for Road

and Bridge Construction adopted January 2, 1952.

On the said foundation course shall be placed an asphaltic concrete surface course two (2) inches in thickness consisting of an asphaltic concrete mixture conforming to the standard requirements of the Illinois State Division of Highways for Type 1-11 Asphaltic Concrete adopted January 2, 1952, as follows: The asphaltic mix shall consist of a mineral aggregate bonded with the asphaltic cement. The mineral aggregate shall consist of the best quality of crushed gravel or crushed stone in sizes graduated in accordance with the following table, viz:

Asphaltic Concrete Surface Coursed, Fine Dense Graded Aggregate Type

Passing ½ inch sieve	95-100%
Passing ½ inch, retained on No. 4 sieve	45- 65%
Passing No. 4 retained on No. 10 sieve	10- 30%
Passing No. 10 retained on No. 40 sieve	5- 18%
Passing No. 40 retained on No. 50 sieve	7- 22%
Passing No. 80 retained on No. 200 sieve	5- 13%
Passing No. 200 sieve	4- 8%
Bitumen	5- 7%

(Table 45. llp. 247 State Specifications.)

The asphaltic cement shall conform with the standard requirements of the Illinois State Division of Highways for Grade P.A. 6 Paving Asphalt, adopted January 2, 1952. It shall have a flash point (Cleveland open cup) 500 plus Fahrenheit. It shall have penetration at seventy-seven (77) degrees Fahrenheit of seventy-five (75) to eighty-five (85), and at least ninety-nine and five-tenths (99.5) per cent of bitumen shall be soluble in carbon disulphide.

When fifty (50) grams of said paving asphalt is heated in an uncovered tin box five and one-half (5½) centimeters in diameter and three and one-half (3½) centimeters in depth and is held at a temperature of three hundred and twenty-five (325) degrees Fahrenheit for five (5) hours, then it shall have lost not over two (2) per cent by weight and the penetration of the residue thus obtained shall not be less than seventy (70) per cent of the penetration before such heating, said penetration being determined as herein described. Said paving asphalt shall have a ductility of not less than one hundred (100) centimeters being determined by elongating a briquette Dow form of said paving asphalt at uniform rate of five (5) centimeters per minute at a temperature of seventy-seven (77) degrees Fahrenheit.

The paving asphalt and mineral aggregate shall be mixed when heated between three hundred (300) and three hundred fifty (350) degrees Fahrenheit in an approved mixer to produce a homogenous mixture in which all particles of aggregate are coated uniformly. The heated mixture shall be delivered to the pavement in trucks with approved clean tight dump bodies. The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the thickness when compacted as herein described will be two (2) inches.

Immediately after the asphalt surface course shall be spread it shall be connected thoroughly and uniformly with a three (3) wheel roller or a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly with a three-wheel roller or a tandem roller. One (1) or more three-wheel rollers and one (1) or more tandem rollers will be required. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final rolling the asphalt surface course shall at all points have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

Concrete crosswalks shall be built at intersection only. Concrete crosswalks shall be built according to the Standard City Code of the City of Chicago.

The concrete shall conform to Class X Concrete (as described in this ordinance for curbs and gutters).

All existing catchbasins which are to be abandoned are located at the intersections of streets. Where existing catchbasins are to be abandoned, the outlet pipe connection from the catchbasin to the sewer shall be plugged and properly sealed and the corbel courses broken down and the catchbasin cleaned and filled with suitable material.

Additional masonry where necessary.

Said Bonds shall be dated July 1, 1966, shall be numbered from 1 to 2100, inclusive, shall be of the denomination of $5,000 each, and shall mature $1,500,000 on January 1, 1977, and $1,000,000 on January 1 of each of the years 1978 through 1986, and shall bear interest at the rate of five per cent (5%) per annum, until paid (unless said issue of bonds or any part thereof are sold as provided by Section 4 of this ordinance bearing a rate of interest less than five per cent (5%), in which event the bonds so sold shall be printed and executed bearing such lesser rate of interest until paid), payable January 1, 1967, and semiannually thereafter on the first days of July and January in each year. If bonds are sold bearing such lesser rate of interest, taxes hereby levied for payment of interest shall be abated accordingly as hereinafter provided. Both principal of and interest upon said bonds shall be payable at the office of the City Treasurer, in the City of Chicago, Illinois, or at the office of the fiscal agent of the City of Chicago, in the City of New York, at the option of the holder. Interest due on or prior to maturity is payable only upon presentation and surrender of the interest coupon thereto attached as they severally become due.

The bonds shall be signed by the Mayor of said City, and shall be sealed with the corporate seal thereof and attested by the City Clerk, and countersigned by the City Comptroller, and the interest coupons evidencing the interest on said bonds shall be executed with the facsimile signatures of said officials, which officials by the execution of said bonds shall adopt as and for their own proper signatures their respective facsimile signatures appearing upon each of said interest coupons.

SECTION 2. SECTION 4. The bonds hereby authorized shall be executed as herein provided and thereupon shall be deposited for safekeeping under the direction and control of the City Comptroller and shall be sold and delivered by the City Comptroller as the proceeds are needed for the purpose for which the bonds are authorized.

The City Comptroller shall advertise for proposals to purchase said bonds; such advertisement shall be published once in the Chicago's American, being a newspaper having a general circulation in the City of Chicago, and once in The Bond Buyer, a financial newspaper published in the City of New York, such publication to be made at least ten days prior to the date when bids for the purchase of said bonds will be opened.

The advertisement for proposals shall provide that the bonds so offered for sale may bear a rate or rates of interest in multiples of one-fourth or one-tenth of one per cent not exceeding the rate of five per cent (5%) per annum and that the bonds so offered will be awarded by the City Comptroller to the acceptable bidder offering to purchase said bonds at the lowest net interest cost to the City; provided further, that such acceptable bidder shall offer to pay not less than par and accrued interest for the bonds.

If any or all of these bonds are sold bearing a rate of interest less than five per cent (5%) per annum, such sale shall be approved by the City Council by ordinance, which shall recite the amount of the bonds so sold and their maturities and interest rate, and thereafter the City Council shall adopt an ordinance which shall set out the amount of taxes to be extended and collected so as to produce in each of such years sufficient money for the payment of interest upon such bonds at such lesser interest rate as the same becomes due. Said ordinance shall direct the County Clerk of Cook County to reduce and abate the amount of taxes hereby levied for the payment of interest upon the bonds so sold so that the amounts to be extended and collected in each of said years for payment of interest thereon will equal the amount of such interest computed at the rate of interest less than five per cent (5%) borne by the bonds that were sold and delivered.

A certified copy of said ordinance shall be filed in the office of the County Clerk of Cook County, which shall constitute direction and authority for such reduction and abatement of taxes so levied for payment of interest on such bonds.

SECTION 5. For the purpose of providing for the payment of the principal of and interest upon said bonds in the amount of $5,000,000 as the payments severally become due, there shall be and there is hereby levied and there shall be collected a direct annual tax upon all the taxable property in the City of Chicago sufficient for that purpose, and in particular but not in limitation of the foregoing, sufficient to produce the following sums for the following years:

Year of Levy	*Principal*	*Interest*	*Total*
1966	None	$375,000	$ 375,000
1967	None	250,000	250,000

1969	None	250,000	250,000
1970	None	250,000	250,000

1975	1,000,000	50,000	1,050,000

If any of these bonds are sold bearing a rate of interest less than five per cent (5%) per annum, then the taxes hereby levied for payment of interest shall be reduced and abated accordingly as provided by Section 4 of this ordinance.

Provision to meet the requirements of this section shall be included in the annual appropriation bill of the City of Chicago for each of the years aforesaid, and the City of Chicago hereby obligates itself annually in due time and manner to perform all things and take all action required by law to carry out the provisions of this section.

In the event proceeds of taxes hereby levied are not available in time to meet any payments of principal of and interest upon said bonds, including the interest due January 1, 1957, then the fiscal officers of said City are hereby directed to make such payments from any funds of the City that may be temporarily so used and when the proceeds of such taxes are received such funds shall be reimbursed, all to the end that the credit of the City may be preserved.

A copy of this ordinance duly certified by the City Clerk shall be filed in the office of the County Clerk of Cook County and shall constitute authority for the extension and collection of such taxes as required by the Constitution.

SECTION 6. If the money received from the taxes levied for the payment of these bonds is not immediately necessary for their payment, the Treasurer and City Comptroller may invest said money in bonds or other interest bearing obligations of the United States or in bonds of the State of Illinois, or in general obligation bonds of the City of Chicago.

The maturity date of the invested securities shall be prior to the due date of the bonds for the payment of which said money was collected and said securities may be sold when necssary to obtain cash to meet bond and interest payments.

(31) No assignment or transfer of this agreement shall be made by the District.

(32) This agreement is subject to cancellation by the City of Chicago in the event the Supreme Court of the United States of America or any other court of competent jurisdiction decrees that the City of Chicago has no right to contract for, sell, disperse, distribute or limits the amount of water the City may use for domestic pumpage or otherwise places a burden on the City in connection with the withdrawal of water from Lake Michigan, or otherwise dispose of water from Lake Michigan to any municipality or user residing outside the limits of the City of Chicago.

Not more than 25 per cent of the dwelling units are to be contained in structures of five stories.

Adequate open space shall be provided through provision of appropriate structure setbacks from streets, and provision of lawn areas and play areas. Adequate off-street parking and loading provisions are to be provided in accord with needs of the residents. The minimum parking required includes spaces for 50 per cent of the efficiency units, and for 100 per cent of all other dwelling units. A minimum of one off-street loading space shall be provided for each elevator apartment structure.

In this area necessary community facilities such as meeting rooms, child care rooms, and craft shops intended primarily for use of the residential area, are desirable and may be provided.

2. Shopping and Parking

Within the institutional and related use area the rights-of-way of the north-south streets which cross the Midway Plaisance to the north, will be improved as pedestrianways so that population resident in the Woodlawn Community will have ready and attractive means of access to the Midway recreation space.

The structure at 1430-1444 and 1433-1445 East 60th Place, which comprises sixteen two-story brick townhouses will be acquired and sold to the University of Chicago for institutional and related use. It may be used for residential use for up to five years, at which time the buildings will be demolished.

Public utilities include the Commonwealth Edison substation at the northeast corner of 62nd Street and Cottage Grove Avenue and the Illinois Bell Telephone Company facility at the northwest corner of Dorchester Avenue and 61st Street.

[Continued from page 7069]

Residential and community facility use of this project is intended to assist in forming a coordinate neighborhood development. Complete community facilities including neighborhood shopping, schools and playgrounds, and a community center will be provided either in the project or nearby.

It is also expected that tot lots will be provided immediately adjacent to residential structure groupings. Thus, children too young to use the nearby school playground or the community center facilities, will have appropriate play facilities, and another visual element of real potential will be available.

Whenever screening is necessary to shield one use from another, such will be provided consisting of trees, shrubs, or fencing of an open or closed type depending upon the specific need.

In development of these residential, institutional, or other facilities, one of the major objectives is to secure a high quality of architectural design, site planning, and landscape design in treatment of open spaces, buildings, use of material, scale, functional utility, and harmonious relation to existing development or proposed development.

Numerous uses in this project area are of city, regional and national importance. This is especially true of the University of Chicago uses as well as the hospitals and home for the aged. Architectural design of these facilities will need to set a high standard to reflect their importance, and relate them harmoniously to adjacent existing and proposed uses. This harmonious relationship of structures will be particularly important along 61st Street where residential uses on the south side will face University of Chicago uses on the north side.

E. *Procedure for Changes in Approved Plan*

All revisions to this plan will be subject to approval by the Department of Urban Renewal, the Chicago Plan Commission, and the City Council, after hearing by the Committee on Planning and Housing of the City Council.

At this point in the Proceedings, by unanimous consent, the Regular Order of Business was temporarily suspended to give official recognition to the presence in the city of Most Rev. Wladyslaw Rubin, as a representative of Stefan Cardinal Wyszynski of Poland at the observance on Sunday, August 28, 1966, of Poland's Millennium of Christianity to be held at Soldier Field.

Honorable Richard J. Daley, Mayor, thereupon introduced Bishop Rubin to the members of the City Council and presented him with a medallion as an emblem of his honorary citizenship of the City of Chicago.

Bishop Rubin thanked the Mayor and the City Council for the honor conferred on him and expressed appreciation for the warmth of the welcome extended by all Chicagoans. He stated he was very grateful for the interest and cooperation of all Chicagoans in participating in the observance of Poland's Millennium of Christianity on August 28, 1966. He concluded by invoking God's blessing on the City and its officials so that all of its citizens may enjoy peace, love, justice and prosperity.

Bishop Wycislo thanked the Mayor and the Aldermen for the honor accorded Cardinal Wyszynski and for the cooperation of City officials and all others connected with the successful observance of Poland's Millennium.

Mayor, Superintendent of Police and Members of Police Dept. Commended for Action to Control Civil Rights Street Demonstrations.

By unanimous consent, Alderman Keane on behalf of himself and numerous other members of the City Council submitted the following proposed resolution:

WHEREAS, On Friday, August 19, 1966, after conferences with the Superintendent of Police, O. W. Wilson, the Corporation Counsel of the City of Chicago at the direction of Mayor Richard J. Daley filed suit in the Circuit Court of Cook County seeking a temporary injunction to reasonably regulate street demonstrations in the City of Chicago; and

WHEREAS, The injunction was granted by Judge Cornelius J. Harrington; and

WHEREAS, The lawsuit does not in any way conflict with the traditional position of the Chicago City Council and the Administration in recognizing the constitutional rights of all citizens to petition for redress of grievances, to assemble peaceably, and to conduct reasonable demonstrations; and

WHEREAS, During the period in which street marches were held frequently in the streets of Chicago, crime in our city increased twenty-five to thirty percent; and

WHEREAS, In his historic address, broadcast to the people of Chicago on August 19, 1966, Mayor Daley explained that the only purpose of the suit was to end that kind of street demonstration which adversely affects the rights of all our people by making it impossible for the Police Department to adequately protect the lives and property of all people and the free functioning of business, industry, and commerce; and

WHEREAS, The unrestricted use of street marches has created an atmosphere of tension which serve to bring to our city extremists of the right and of the left, most of whom live out of the community, out of the county, and out of the state; and

WHEREAS, The only purpose of these hate groups is to stir up violence and disorder and to seek to destroy the racial and religious harmony that exists among our people; and

WHEREAS, The temporary injunction issued by the court provided for reasonable regulations which are:

Provision that there will be one street demonstration in any specific area in the City of Chicago on a given day;

Street demonstrations will be limited to 500 persons or less;

To give the police 24 hours' notice in writing which will aid the police to give adequate protection to all of our citizens and particularly the marchers;

To prohibit demonstrations except during daylight and non-rush hours;

and

WHEREAS, Mayor Richard J. Daley in addressing

himself to an issue of national importance which confronts many cities of the United States has demonstrated statesmanship of the highest order as evidence by the following declaration:

"In all of my public career I have been opposed to the use of injunctions. But as mayor of Chicago, of all the people, I was faced with the dilemma of balancing rights—both guaranteed by the constitution.

On the one hand there was the constitutional right of petition and on the other the constitutional right of safety of all of our people. This is an issue which not only confronts Chicago but the entire nation. It cannot be answered in the streets, nor by executive order or emotional outbursts; it can only be answered in a court of law.";

Now, Therefore, Be It Resolved, That the members of the City Council of Chicago, in meeting this 25th day of August, A.D. 1966, do hereby publicly commend the conduct of Superintendent O. W. Wilson and the officers and men of the Chicago Police Department for their outstanding achievements in maintaining law and order in our city in a time of great tension; and

Be It Further Resolved, That we express our wholehearted approval and endorsement of the position and action taken by Mayor Daley in dealing with the great legal and moral questions involved, and our confidence that the course he has charted will take these controversial problems out of the streets and to the conference table where they may be solved with reason and good will to preserve the Constitutional rights and the welfare and well-being of all of the people of Chicago.

The City Clerk transmitted communications, reports, etc., relating to the respective subjects listed below, which were acted upon by the City Council in each case in the manner noted, as follows:

Monthly Report of Dept. of Medical Examination and Emergency Treatment.

A report of the Department of Medical Examination and Emergency Treatment for the month of July, 1966, submitted by Dr. Bert Rightman, Office of the City Physician.—*Placed on File.*

Court Decisions.

Also communications from the Department of Law, signed by Marvin E. Aspen, and Marsile J. Hughes, Assistants Corporation Counsel, and approved by Raymond F. Simon, Corporation Counsel, informing the City Council as to court decisions in the causes noted below, which were *Placed on File:*

Austin Herchel, Plaintiff-Appellant, vs. *Frank J. Dyra and Orlando W. Wilson, Defendants-Appellees. United States Court of Appeals, for the Seventh Circuit, No. 15325.* The United States Court of Appeals

on July 18, 1966 filed an opinion affirming in part and reversing in part the judgment of the Federal District Court. The District Court dismissed both parts of the plaintiff's two part complaint under the Federal Civil Rights Act. Count I charged that the defendant, a Chicago Police Officer improperly arrested and detained plaintiff for distributing political literature in a public street and charged plaintiff with violation of Section 36-28 of the Municipal Code of Chicago which deals solely with advertising matter as opposed to political matter; Count II of the complaint requests defendant, Superintendent of Police to expunge all police department records of plaintiff's arrest. The United States Court of Appeals reversed the dismissal of Count I saying that it properly stated a cause of action and was remanded to the District Court with directions that defendant be permitted to answer the complaint. The United States Court of Appeals affirmed the dismissal of Count II in which the Court said the Superintendent of Police under the obligations which the department has in maintaining public safety and welfare in Chicago is justified and indeed, duty-bound to compile and retain arrest records of all persons arrested and that the execution of that policy does not violate the plaintiff's right of privacy.

The People of the State of Illinois on the relation of Victor B. Aramburu et al, etc. Plaintiffs-Appellants, vs. *City of Chicago, etc., and Sidney D. Smith, Acting Commissioner of Buildings of the City of Chicago, Defendants-Appellees. Appellate Court of Illinois, First District No. 50310.* On July 15, 1966, the Appellate Court filed its opinion affirming the judgment of the Circuit Court of Cook County dismissing the suit for insufficiency of complaint. The plaintiffs are professional engineers licensed under the Illinois Professional Engineering Act and sought to compel the Commissioner of Buildings to require in applying Section 45-2 of the Municipal Code of Chicago, the signature and seal of a professional engineer as a condition of approval, upon any building plans which included a component which the professional engineers were licensed to design, regardless of whether such plans were signed and sealed either by a licensed architect or a licensed structural engineer. In holding that the foregoing Section (Section 45-2) was not susceptible of the construction urged by the plaintiffs, the Court ruled that the plaintiffs were not entitled to the writ of mandamus to compel the Commissioner of Buildings to adopt their proposed application of the ordinance.

John Ahlstrom, a minor, by Fred Ahlstrom, his father and next friend, Plaintiff-Appellant, vs. *City of Chicago, a Municipal Corporation, Defendant-Appellee. Appellate Court No. 50708.* On July 21, 1966 the Appellate Court of Illinois, First District, affirmed a judgment of the Circuit Court of Cook County dismissing the above entitled cause for want of prosecution. On June 10, 1963 the case had been assigned to the trial judge for immediate trial. Since the plaintiff had shown no grounds for continuation before the assignment judge (who had assigned the case to the trial judge) the trial judge held the case for trial at 10:00 a.m. on June 11, 1963. At that time the plaintiff's counsel did not appear, the City was present and ready for trial and the trial judge then dismissed the case for want of prosecution. At 10:40 a.m. on the same day, the plaintiff's counsel learned that the case had been dismissed. He immediately prepared a motion to set aside the dismissal which he presented to the trial court at 2:00 p.m., the same day. The trial court indicated that it would not set aside the dismissal and the attorney requested time to present an authority in his favor. The attorney never presented the authority and the trial court entered no order. Two years later, he renewed his motion to vacate the dismissal on the theory that the trial court had retained the matter under advisement in the interim. The trial judge then returned an order denying plaintiff's motion.

Section 1.01 - Lease of Premises - Use of Demised Premises

City does hereby lease to Airline, and Airline does hereby lease from City a parcel of land comprised of eleven and eight hundred seventy-three one thousandths (11.873) acres (hereinafter, together with any buildings and improvements now or hereafter located thereon, referred to as the "Demised Premises") located at the Airport in the easterly portion of the Cargo Area and shown as outlined in "Red" and described in Exhibit A attached hereto, together with the facilities, rights and privileges hereinafter described.

(c) the loading, unloading and parking of automobiles and trucks, provided that any parking lot shall be operated without charge for use only by employees of Airline and by invitees of Airline having business at said premises; and

(d) the maintenance and operation of building's facilities and equipment and the carrying on of activities reasonably necessary or convenient in connection with the foregoing;

Airline shall also be entitled to sublease any of such premises, in whole (subject to the prior approval of City) or in part, to any other Airline Party or Parties for use in connection with the conduct of air transportation by such other Airline Party or Parties, to the same extent as Airline is entitled to use such premises in its own behalf in connection with its conduct of air transportation. In addition, Airline is hereby permitted to sublease any portion of the Demised Premises to any agency, division or department of the Federal Government. Airline shall be permitted to construct on the Demised Premises an air cargo building (which term as used herein, includes related cargo ramp aprons, facilities and fixtures necessary or incidental to normal operation of an air cargo building). For the purpose of this Section 4.01, construction of Airline's air cargo building on the Demised Premises may include construction by Airline of connections with any taxiway, service roadway, water line, sewer line, drainage ditch and utility lines serving the demised premises. All of the plans and specifications for Airline's construction hereunder shall be submitted to the Commissioner of Aviation and the Commissioner of Public Works for approval prior to the commencement of construction.

Section 4.02—Construction, Maintenance and Repair by Airline

In addition to the initial construction permitted

in Section 4.01, above, Airline may construct or install, at its own expense, any buildings, improvements, facilities and equipment, and any additions thereto, on the Demised Premises. All such construction or installation shall be made after obtaining any requisite building or construction licenses or permits. Plans and specifications of any such proposed construction or installation (including the initial construction and any substantial alterations or addition thereto) shall be submitted to and receive the approval of the Commissioner of Aviation and the Commissioner of Public Works prior to the commencement of construction or installation. Subject to the provisions of Section 4.01 and Article VIII hereof, Airline shall keep and maintain all buildings, improvements and facilities and additions thereto, constructed or installed by Airline on the Demised Premises in good condition and repair. No restrictions shall be placed on Airlines as to the architects, builders or contractors who may be employed by it in connection with construction, installation, alteration, repair or maintenance by Airline on the Demised Premises. All buildings and permanent improvements constructed by Airline on the Demised Premises shall become the property of City upon completion of construction thereof.

Notwithstanding the foregoing, Airline shall, after completion of the construction provided for by Section 4.01 hereof, keep the Demised Premises and all construction and installations made thereon in a sanitary and sightly condition, and shall comply with all health and safety requirements applicable thereto.

Any advertising signs installed by Airline shall be limited to those which advertise air transportation, and the number, general type, size, design and location of such signs shall be subject to the approval of the Commissioner of Aviation.

Section 4.03—Lighting

Airline shall illuminate the apron in front of each building on the Demised Premises with flood lights and shall place and maintain at all times red obstruction lights on the highest point and on each corner of such building and on the highest point of each smoke stack, pole, aerial and antenna on the Demised Premises. The obstruction light fixtures shall be of a dual type and the lights shall be kept burning at Airline's expense from dusk to dawn and during period of restricted visibility.

Section 4.04—Covenant Against Liens

Airline shall keep the Demised Premises and the buildings, improvements and facilities constructed thereon free and clear of any and all liens in any way arising out of the action, or use thereof, by Airline; provided, however, that Airline may in good faith contest the validity of any lien.

Section 4.05—Performance by City upon Failure of Airline to Maintain

In the event Airline fails to perform for a period of thirty (30) days after notice from City so to do, any obligation required by Sections 4.02, 4.03 and 4.04 hereof to be performed by Airline, City may enter the premises involved (without such entering causing or constituting a termination of this Lease or an interference with the possession of said premises by Airline) and do all things necessary to perform such obligation, charging to Airline the cost and expense thereof and Airline agrees to pay City such charge in addition to any other amounts payable by Airline hereunder; provided, however, that if Airline's failure to perform any such obligation endangers the safety of the public or of employees of City, and City so states in its notice to Airline, City may perform such obligation of Airline at any time after the giving of such notice and charge to Airline, and Airline shall pay, as aforesaid, the cost and expense of such performance.

Article V

Performance by City

Section 5.01—Facilities Furnished by City

In addition to the taxiways and roadways connections to be constructed by Airline, City has constructed taxiways, roadways, water lines, sewer lines and drainage ditches serving the Demised Premises. Airline is granted the right and privilege to use all of such taxiways, roadways, water lines, sewer lines and drainage ditches in common with others; provided, however, that Airline shall be required to pay to City a reasonable charge for direct metered water supplied by City to Airline through any such water line.

Section 5.02—Maintenance and Operation

City shall operate and maintain, in all respects in a manner consistant with that of a reasonably prudent operator of an airport, and keep in good condition and repair (including the removal of snow, vegetation, stones and other foreign matter as reasonably as may be done, from taxiways, including roadways, apron and taxiways constructed by Airline pursuant to Section 4.01 and located outside the Demised Premises) all taxiways, connections therefrom, roadways, water lines, sewer lines, drainage ditches, additions, improvements, facilities and equipment now or hereafter provided by City serving the Demised Premises but located outside the Demised Premises.

Section 5.03—Taxes on Demised Premises

Airline shall pay any and all taxes or special assessments, if any, which may be levied or assessed upon the Demised Premises; or on any personal property or leasehold of Airline located on the Demised Premises.

Section 5.04—Exclusive Possession

City agrees that Airline, performing its obligations hereunder, shall be entitled to and shall have the exclusive possession and enjoyment of the premises, rights and privileges leased to it hereunder, subject, however, to the provisions hereof.

Section 5.05—Performance by Airline upon Failure of City to Maintain and Operate

In the event City fails to perform, for a period of thirty (30) days after notice from Airline so to do, any obligation required by this Article V to be performed by City, Airline may perform such obligation of City and bill City for the cost to Airline of such performance; provided, however, that if City's failure to perform any such obligation endangers the safety of Airline's operations at the Airport and Airline so states in its notice to City, Airline may perform such obligation of City at any time after the giving of such notice and bill City for Airline's cost of such performance, but Airline shall not deduct any such cost from any amounts due hereunder or under any other agreement between Airline and City relating to the Airport unless at the time there are no Approved Revenue Bonds outstanding. City, however, shall not be liable to Airline for any loss of revenues to Airline resulting from any of City's acts, omissions or neglect in the maintenance and operation or otherwise by it of the Airport or any facilities now or hereafter connected therewith.

Article VI

Rules and Regulations

Airline shall observe and obey all rules and regulations governing the conduct and operation of the Airport, promulgated from time to time by City, which are reasonably required for the prudent and efficient operation of the Airport and are not inconsistent with the reasonable exercise by Airline of any right or privilege granted to it hereunder or under any other agreement between Airline and City relating to the Airport or any part thereof, nor inconsistent with safety nor with the rules and regulations of any Federal or State agency having jurisdiction with respect thereto, nor inconsistent with the procedures prescribed or approved from time to time by the Civil Aeronautics Administration or any other governmental authority having jurisdiction over operations at the Airport.

City, however shall not have control over the rates, fares or charges that Airline may prescribe in connection with its conduct of an air transportation business.

Article VII

Exercise by City Governmental Functions

Nothing contained herein shall impair the right of City in the exercise of its governmental functions to require Airline to pay any tax or inspection fees or to procure necessary permits or licenses, provided such requirement is not inconsistent with the rights and privileges granted to Airline hereunder.

Article VIII

Indemnity and Insurance

Section 8.01—Liability Arising from Act of Airline

Airline agrees to indemnify and hold City harmless from and against all liabilities, judgments, costs, damages and expenses which may accrue against, be charged to or recovered from City by reason or on account of damage to the property of City or the property of, injury to or death of any person, arising from Airline's use and occupancy of and operations at the Airport, including acts of its agents, contractors and subcontractors, except when caused by City's sole negligence or by the joint negligence of City and any person other than Airline, its agents, contractors and subcontractors; provided that City shall give Airline prompt and timely notice of any claim made or suit instituted which, in any way, affects Airline or its insurer, and Airline or its insurer shall have the right to compromise and defend the same to the extent of their own interests. Any final judgment rendered against City for any cause for which Airline is liable hereunder shall be conclusive against Airline as to liability and amount.

Airline shall, at its own expense, keep in force insurance of the following types and in not less than the following amounts, issued by a company or companies of sound and adequate financial responsibility, insuring Airline and City against all liabilities for accidents arising out of or in connection with Airline's use and occupancy of and operations at the Airport, except when caused by City's negligence alone or jointly with any person other than Airline, its agents, contractors and subcontractors, and shall furnish to City certificates evidencing such insurance, naming City as an additional assured thereunder, subject to the limitations set forth above in respect of City's negligence, to-wit:

Aircraft Public Liability Insurance	$ 100,000 per person $1,000,000 per accident
Aircarft Property Damage Insurance	$ 200,000 per accident
Comprehensive Public Liability Insurance	$ 100,000 per person $ 250,000 per accident
Comprehensive Property Damage Insurance	$ 100,000 per accident

If pursuant to any other agreement between Airline and City, Airline is complying with requirements identical with those of this Section, such compliance shall also serve as compliance with the requirements of this Section.

Section 8.02—Insurance in Connection with Construction by Airline

Airline shall, until the date of completion of Airline's air cargo building being constructed by Airline, keep in force insurance issued by a responsible insurance company or companies, insuring City against all liabilities for public liability or property damage arising out of or in connection with the construction upon or the use and occupancy of the Demised Premises in amounts of comprehensive insurance not less than those provided in Section 8.01 hereof, and insuring Airline's air cargo building during construction under completed builder's risk insurance, against fire, extended coverage, vandalism and sprinkler leakage in an amount equal to the full insurable value of such construction as the same progresses in order to assure continuity of construction and ultimate completion despite damage or destruction suffered during the course thereof.

Section 8.03—Insurance of Air Cargo Building After Construction

Airline shall obtain and keep in effect at all times during the term of this Agreement fire and extended coverage insurance upon air cargo building. The policy or policies of insurance acceptable to Comptroller shall be for not less than eighty per cent (80%) of the full insurable value of air cargo building and other improvements and proceeds therefrom shall be expended for the repair and restoration of said air cargo building and other improvements which Airline agrees it shall undertake to do as is further provided in Section 8.04 hereof.

Section 8.04—Repair or Restoration of Air Cargo Building

If during the term hereof the air cargo building shall be destroyed or damaged in whole or in part by fire or other cause, Airline shall promptly repair, replace and rebuild the same, with and to the extent of the insurance proceeds available, at least to the extent of the value and as nearly as possible to the character of the air cargo building existing immediately prior to such occurance. Airline shall submit plans for such replacement or rebuilding to the Commissioner of Aviation and the Commissioner of Public Works for approval prior to the commencement of any construction. The period of time during which Airline is repairing, restoring or rebuilding said air cargo building or other improvements subsequent to damage or destruction thereof by fire or otherwise, shall not be considered abandonment or non-use of the premises under the provisions of this agreement. Airline shall continue to pay the ground rental hereunder during the period said air cargo building shall be damaged or destroyed.

Article IX

Termination by City

City may terminate this Lease by giving Airline sixty (60) days advance notice upon or after the happening and during the continuance of any one of the following events:

(a) The filing by Airline of a voluntary petition in bankruptcy. In such event, City shall have the right to file a claim as a creditor and the rentals due and to become due under the terms of the Lease shall be accelerated and become due and payable.

(b) The institution of proceedings in bankruptcy against Airline and the final adjudication of Airline as a bankruptcy pursuant to such proceedings.

(c) The taking by a court of competent jurisdiction for a period of sixty (60) days of all or substantially all of Airline's assets pursuant to proceedings brought under the provisions of any Federal reorganization act.

(d) The appointment of a receiver of all or substantially all of Airline's assets and Airline's failure to vacate such appointment within sixty (60) days thereafter.

(e) The assignment by Airline of its assets for the benefit of its creditors.

(f) The abandonment by Airline of its conduct of air transportation at the Airport.

(g) The default by Airline in the performance of any covenant or agreement required to be performed by Airline herein and the failure of Airline to remedy such default, or to take prompt action to remedy such default, within a period of sixty (60) days after receipt from City of notice to remedy the same.

No waiver by City of default of any of the terms, covenants or conditions hereof to be performed, kept and observed by Airline shall be construed to be or act as a waiver of any subsequent default of any of such terms, covenants and conditions.

ARTICLE X

Recovery of Possession by City

If Airline shall vacate or abandon the Demised Premises or in case of the termination of this Lease, Airline's right to the possession of Demised Premises shall terminate, with or without any further notice or demand whatsoever, and the mere retention of possession thereafter by Airline shall constitute a forcible detainer of said premises, and upon the termination of Airline's right of possession, as aforesaid, Airline agrees to surrender its possession of said premises immediately, without the recepit of any demand for rent, notice to quit or demand for possession of said premises whatsoever, and hereby grants to City full and free license to enter into and upon said premises, or any part thereof, to take possession thereof, as against Airline and others claiming through it, with or without process of law, and to expel and remove Airline and any other person claiming through it who may be occupying said premises, or any part thereof, and City may use such force in and about so expelling and removing Airline and said other person as may reasonably be necessary, and City may, as against Airline and others claiming through it, repossess itself of said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of rents due by virtue hereof, nor a waiver of any covenant, agreement or promise herein contained to be performed by Airline.

Airline hereby waives all notice of any election made by City under this Lease, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever of any and every nature which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or by the common law during the term of this Lease; provided, however, the foregoing shall not apply to any notice specifically required under the provisions of this Lease. The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Airline or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts except an express written waiver, shall not be construed as a waiver of any right hereby given City, or as an election not to proceed under the provisions of this Lease.

The obligation of Airline to pay the rent reserved hereby shall not be deemed to be waived, released or terminated, by the service of any five day notice, other notice to collect, demand for possession, or notice by City that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment or any judgment for possession that may be rendered in such action, or any other act or acts, other than termination of this Lease, resulting in the termination of Airline's right to possession of the Demised Premises. City may collect and receive any rent due from Airline, and payment or receipt thereof shall not waive or affect any such notice, demand, suit or judgment or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which City may have by virtue hereof.

ARTICLE XI

Termination by Airline

Airline may terminate this Lease and any or all of its obligations hereunder at any time that Airline is not in default in the payment of any amount due from it to City hereunder by giving City sixty (60) days advance notice upon or after the happening and during the continuance of any one of the following events:

(a) The failure or refusal of the Federal Aviation Agency to approve all weather operations into and from the Airport of aircraft of any type operated by Airline in scheduled air transportation using facilities similar to those at the Airport and continuance thereof for a period of at least sixty (60) days.

(b) The issuance by any court of competent jurisdiction of an injunction in any way preventing or restraining the use of the Airport or any part thereof so as to substantially affect Airline's use of the Airport in its conduct of an air transportation system and the remaining in force of such injunction, not stayed by way of appeal or otherwise, for a period of at least sixty (60) days.

(c) The issuance of any order, rule or regulation or the taking of any action by the Civil Aeronautics Board or the Federal Aviation Agency or other competent governmental

authority, or the occurrence of any fire, other casualty, act of God or the public enemy, substantially affecting, for a period of at least sixty (60) days, Airline's use of the Airport in its conduct of an air transportation system; provided, however, that none of the foregoing is due to any fault of Airline.

(d) The default by City in the performance of any covenant or agreement required to be performed by City herein or in any other agreement between City and Airline relating to the Airport or any part thereof, and the failure of City to remedy such default, or to take prompt action to remedy such default, within a period of sixty (60) days after receipt from Airline of notice to remedy the same.

(e) The substantial restriction of City's operation of the Airport by action of the Federal Government, or any department or agency thereof, under its wartime or emergency powers, or by action of the State of Illinois, or any department or agency thereof, and continuance thereof for a period of not less than sixty (60) days, provided such restriction adversely affects Airline's operations at the Airport.

No waiver by Airline of default of any of the terms, covenants or conditions hereof, or of any other agreement between City and Airline relating to the Airport or any part thereof, to be performed, kept and observed by City shall be construed to be or act as a waiver of any subsequent default of any of such terms, covenants and conditions.

ARTICLE XII

Surrender of Possession

Upon termination of this Lease, Airline shall surrender the Demised Premises, and the buildings and improvements situated thereon, if any, in good condition and repair, reasonable wear and tear excepted.

ARTICLE XIII

Abatement on Account of Casualty

If due to damage or destruction by fire, other casualty, act of God or the public enemy, not due to any fault of Airline, any of the facilities to be furnished by City as provided in Section 5.01 hereof (including the taxiway and roadway connections initially furnished by Airline), shall be rendered unusable to such an extent as to substantially impair the ability of Airline to conduct normal operations on the Demised Premises, then the rental payable hereunder by Airline for the Demised Premises shall be paid up to the date of such damage or destruction, but, unless City shall promptly furnish adequate temporary substitute facilities and expeditiously restore such facilities so damaged or destroyed, such rental shall thereafter abate in an amount directly proportional to the extent Airline's ability to conduct normal operations on the Demised Premises is impaired by such damage or destruction; provided, however, that if City fails to repair such damage or destruction so that Airline's ability to conduct normal operation on the Demised Premises is substantially impaired for more than ninety (90) days, then Airline, at its option, may, by giving to City at least thirty (30) days prior notice, terminate this Lease. City shall not be liable to Airline for damages for City's failure to furnish such temporary substitute facilities or, except as provided in Section 5.05 hereof, for City's failure to expeditiously restore such facilities.

If due to damage or destruction by fire, other casualty, act of God or the public enemy affecting the Airport, Airline's use of the Airport in its conduct of an air transportation system shall be substantially affected, then, without any prejudice to any right of termination hereunder, Airline shall have the right upon notice to City, to the abatement of a just proportion of the rental provided herein from the time of such notice until normal operations are permitted.

ARTICLE XIV

Right of Airline to Remove Property

Airline shall be entitled during the term of this Lease, and for a reasonable time (not exceeding forty-five (45) days) after its termination, to remove from the premises involved, or any part thereof, all trade fixtures, tools, machinery, equipment, materials and supplies placed thereon by it pursuant to this Lease, subject, however, to any valid lien City may have thereon for unpaid rentals or other amounts, payable by Airline to City hereunder or under any other agreement between City and Airline relating to the Airport or any part thereof, and provided that Airline shall have repaired all damage resulting from such removal.

ARTICLE XV

Definitions

The specific terms used in this Lease shall have the same meanings as defined in the Airport Use Agreement entered into January 1, 1959 by and between City and Airline covering Airline's operations at said Airport.

ARTICLE XVI

Miscellaneous

Section 16.01—Equality of Treatment

No rights or privileges with respect to or rentals for premises leased for air cargo purposes at the Airport shall be granted by City to any air transportation company in competition with Airline, which are more favorable to such company than those granted to Airline, and the effect of which is to place Airline at a competitive disadvantage.

Section 16.02—Effective Date of Lease

This Lease shall become effective upon approval of the plans and specifications as provided in Section 4.01 hereof. It is understood that if said plans and specifications are not submitted or approved prior to or within sixty (60) days after date of authorization of the City Council, this lease shall terminate.

In the event any covenant, phrase, clause, paragraph, section, condition or provision herein contained is held to be invalid by any court of competent jurisdiction, the invalidity of any such covenant, phrase, clause, paragraph, section, condition or provision shall in no way affect any other covenant, phrase, clause, paragraph, section, condition or provision herein contained.

Section 16.06—Assignment or Sublease

Airline may assign this Lease and its rights hereunder to any corporation into or with which Airline may merge or consolidate, or which may succeed to the business and assets of Airline. Airline shall be further permitted to assign this Lease only to any wholly owned subsidiary corporation, and in such event, Airline shall be permitted to exercise all of the rights granted to it hereunder as a sub-tenant of said wholly owned subsidiary corporation.

In the event of any assignment or sublease hereunder, Airline shall remain primarily liable for the payment of rentals and other charges required hereunder.

Section 16.07—Remedies Cumulative

The rights and remedies hereunder are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Section 16.08—Headings

The Article and Section headings contained herein are for convenience of reference only and are not intended to define, limit or describe the scope or intent of any provisions of this Lease.

Section 16.09—Successors and Assigns

All of the covenants, stipulations and agreements herein contained shall, subject to the provisions of Section 16.06 hereof, inure to the benefit of and be binding upon the successors and assigns of the parties hereto.

12. No assignment or transfer of this agreement shall be made by the District.

13. No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

31-2.8. *Analyses.* All analyses to determine the strength and character of industrial wastes shall be made in accordance with the latest edition of "Standard Methods for the Examination of Water and Sewage" prepared and published jointly by the American Public Health Association, American Water Works Association, and the Water Pollution Control Federation. 31-2.9. *Application to connect to sewer.* Application for permission to connect an industrial waste sewer to any sewer of the City of Chicago or to discharge to any waters, water course or channel within the City of Chicago shall be made on a standard form obtainable from the office of the Bureau of Sewers, Department of Water and Sewers of the City of Chicago.

31-2.10. *Order to Discontinue Notice-Hearing.* Whenever the Commissioner shall determine that sewage or industrial wastes or other wastes are being discharged into any of the said waters, water courses, natural outlets or sewers of the City of Chicago, which in the opinion of said Commissioner pollutes said waters or water courses or interferes with the operation of the sewerage system of the City of Chicago or with the operation of the sewage treatment works, by the Sanitary District, to which the latter is connected, said Commissioner may order whomsoever causes such discharges to show cause before him why such discharge should not be discontinued. In such case a notice shall be served on the offending person directing him to appear before such Commissioner to show cause why an order should not be made directing the discontinuance of such discharge. Such notice shall specify the time and place of such hearing and shall be served personally or by registered mail at least ten (10) days before such hearing. Said Commissioner or his duly accredited representative may take evidence with reference to said offense at such hearing and upon its conclusion the Commissioner, if he finds a violation of this Ordinance, may issue an order to such offending party directing that within a specified period of time thereafter such discharge be discontinued unless adequate treatment works shall have been installed or existing treatment works shall have been made adequate and shall be so operated as to eliminate such pollution.

31-2.11., *Permit Revocation.* Any permit authorized and issued under the provisions of this ordinance may, when necessary, in the opinion of the Commissioner, to prevent pollution of waters, water courses, or to prevent interference with the efficient operation of the sewage system of the City of Chicago or of the system and works of the Sanitary District for the collection and treatment of the sewage of the City of Chicago, be revoked or modified by the Commissioner, after investigation, notice and hearing as provided in the preceding Section 31-2.10 hereof.

31-2.12. *Appeal Board.* An Appeal Board, to be appointed by the Mayor, by and with the consent of the City Council is hereby established. All hearings conducted by the Appeal Board shall be open to the public. Any person may appear and testify at a hearing, either in person or by duly authorized representative or attorney.

Every rule and regulation, every amendment or repeal thereof, and every order, requirement, decision or

determination of the Appeal Board shall be filed immediately in the Office of the Commissioner and shall be a public record.

A majority of the Appeal Board shall be hereby vested with the following jurisdiction and authority:

Such appeal shall be taken within thirty days after receiving notice of such decision, ruling, requirement, order, or failure to act upon request within a reasonable period, by filing with the Commissioner a notice of appeal directed to the Appeal Board, specifying the grounds thereof and the relief prayed for. The Commissioner shall forthwith furnish to the Appeal Board all the papers relating to the case, including the transcript of any hearing before the Commissioner. The Appeal Board not less than five days and not more than ten days after the date of filing the appeal, shall set a date for the hearing, and shall give notice thereof by mail to the interested parties. The Appeal Board may in its discretion grant continuances. Such an appeal shall act as a stay of the decision, ruling, requirement, or order in question until the Appeal Board has taken final action on the appeal. At the hearing any party may appear in person or by agent or attorney, and present evidence, both written and oral, pertinent to the questions and issues involved, and may examine and cross-examine witnesses. A party may rely, in whole or in part, on evidence adduced in a hearing before the Commissioner under Section 31-2.10 hereof. Such reliance shall not affect or limit the right of a party to cross-examine witnesses, adduce additional evidence or present argument. The Appeal Board, after the hearing, shall affirm, modify or reverse the decision, ruling, requirement, rule, regulation or order of the Commissioner or order him to act. The decision of the Appeal Board shall be binding on the Commissioner.

The provisions of the "Administrative Review Act", approved May 8, 1945, and all amendments and modifications thereof, and the rules adopted pursuant thereto, shall apply and govern all proceedings for the judicial review of final administrative decisions hereunder.

The Appeal Board at its expense shall provide a stenographer to take the testimony and preserve a record of all proceedings under this chapter. The notice of appeal, the notice of hearing, all other documents in the nature of pleadings and written motions filed in the proceedings, the transcript of testimony and the findings of fact and decisions shall be the record of the proceedings. The Appeal Board shall furnish a transcript of such record to any person interested as a party to such hearing upon the payment thereof of seventy-five cents per page for each original transcript, and twenty-five cents per page for each carbon copy thereof. However, the charges of any part of such transcript ordered or paid for previous to the writing of the original record shall be twenty-five cents per page.

The Appeal Board shall not be required to certify any record or file any answer or otherwise appear in any proceeding for judicial review unless the party filing the appeal deposits the sum of ninety-five cents per page representing costs of certification. Failure on the part of the appellant to make such deposits shall be grounds for dismissal of the action. Upon judicial review the secretary of the Appeal Board shall certify the record.

31-2.14. *Action may be brought by the Corporation Counsel.* If any person discharges sewage or industrial wastes or other wastes into the aforesaid waters, water courses or sewerage system in violation of any of the provisions of Sections 31-2.2, 31-2.3, 31-2.4 or 31-2.5 of this chapter or of the unappealed final order or requirement of the Commissioner, made pursuant to the provisions of Section 31-2.10 hereof or of the Appeal Board resulting from an appeal to the latter, an action may be brought by the Corporation Counsel of the City of Chicago for a fine as prescribed in Section 31-2.15 or for an injunction or other chancery relief to discontinue such discharge.
